SMARTSTRIPS App

Adding a test

■ Launch SmartStrips™ App on your smartphone.

■ Add tests by touching the "**+**" button   at the top of the screen.

■ The application detects the SmartStrips™ device automatically and captures the test area.

Creating/Exporting a results file

1 Creating a results file
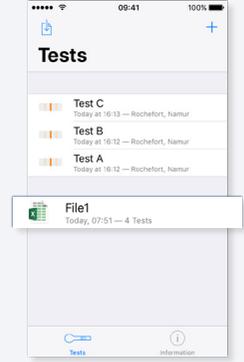

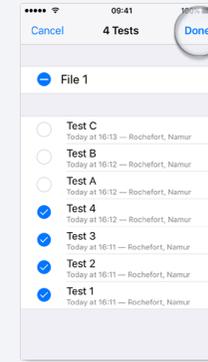

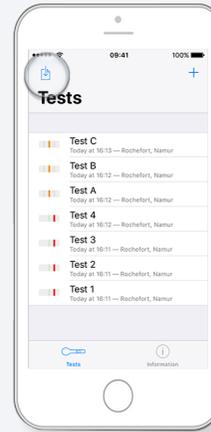

■ Start by creating a file.

■ Select all of the tests icon include in the file that you want to create and rename the file.

■ Your file has been created.

Reading the results
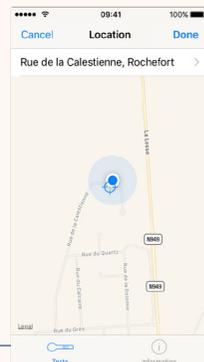

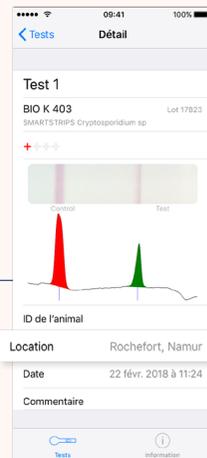

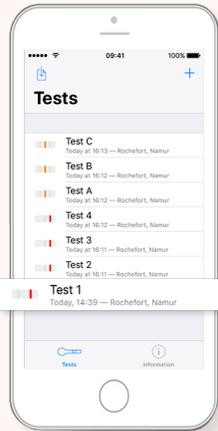

■ Open a test.

■ The Detail page gives all the general test information.

■ The Location page gives the location of the test.

2 Exporting a results file
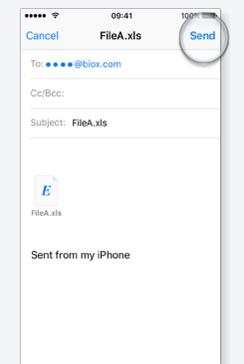

■ Open the file.

Touch the export icon in the upper right-hand corner of the screen.

■ Touch the icon for sending e-mail.

■ Enter the recipient's e-mail address and type your message.

Touch "Send" to send your e-mail.

Consult your results on a computer.
